

**IMPORTANT:  
TURN OFF POWER AT MAIN FUSE OR  
CIRCUIT BREAKER BOX BEFORE  
STARTING INSTALLATION**

**Carefully unpack and identify all parts before assembly. Bulb not included.**

1. Lay frame, with screw holes side facing up, on a non-abrasive surface.
2. Gently lay glass mirror, (mirror side down) on top of frame. Place 8 tabs over glass mirror and frame so that holes in metal tabs align with holes in frame.
3. Lay laminated wood backing on top of glass mirror.
4. Secure metal tabs onto frame with 8 screws, securing glass mirror in place.
5. At desired wall location, install two picture frame hangers or screws (not included) into wall at corresponding position with two key holes. **Note:** Use a level to insure mounting position is horizontal. Make certain the picture hangers or screws are securely fastened onto wall to adequately support the weight of the mirror. If not certain, consult a qualified technician.
6. Carefully hang mirror onto wall.
