## 29<sup>TH</sup> ANNUAL ARTS AWARD NOMINEE FEISS UNVEILS NEW PRODUCTS FOR 2018

**Skokie, Ill., January 16, 2018**—Show House Collection by Feiss, which offers a broad range of classic, tasteful, and elegant lighting fixtures from traditional to rustic and contemporary to modern, will unveil its new product lines for 2018 at the Lightovation tradeshow, running from January 17-21, at the Dallas Market Center’s Trade Mart, 2100 Stemmons Freeway, in the newly renamed Generation Lighting showroom, TM-4010.

Feiss is also nominated for an ARTS Award in the “Lighting Fixtures” category; the winner will be announced during the annual ARTS Award gala, scheduled on Friday evening, January 19.

Below is a sample of new 2018 Show House by Feiss introductions:

SHOW HOUSE COLLECTION BY FEISS PRODUCT IMAGE	PRODUCT DESCRIPTION
	<p>With light and shadow emanating from an ornately decorated orb silhouette, the <b>Avila</b> Collection from <b>Show House Collection by Feiss</b> channels the beauty of wrought-iron garden gates from 18th century Europe. With its Mediterranean style, Avila’s rustic Weathered Zinc ironwork is softened by its delicate curves and the warm Weathered Oak Wood center ring. Shown here is the five-light chandelier, which is 22” high and 20.5” in diameter. Other pieces in this collection are a 6-light chandelier and a one-light pendant. All are damp-rated.</p>

	<p>The <b>Harper</b> Collection from <b>Show House Collection by Feiss</b> is a modern beauty, with light glowing through Plated Smoke Glass globes that float within an angular, Polished Nickel frame. Machinery-inspired hardware holds each globe in place and is crafted using a special technique called knurling, delivering an authentic industrial look and feel. Shown left is the five-light chandelier, which is 30" high and 30.5" wide. Other pieces in this collection include a seven-light chandelier and one-light pendant.</p>
	<p>The <b>Harper</b> seven-light chandelier from <b>Show House Collection by Feiss</b> is shown in this dining room.</p>
	<p>Traditional with soft feminine features, the <b>Maryville</b> Collection from <b>Show House Collection by Feiss</b> exudes time-worn French Country style. Maryville's defining features include floral-inspired bobeches, turning details on the center column, delicate wood bead strands, and the brand's new weathered Washed Grey finish. Shown here is the six-light chandelier, which is 29" high and 28" in diameter. Other fixtures in the collection are a nine-light chandelier, three-light chandelier, and a two-light wall sconce. All are damp-rated.</p>

	<p>With a new Deep Abyss finish, the Patrice Collection from <b>Show House Collection by Feiss</b> is heavily textured and tactile with its weathered patina surface—appearing as though it was pulled from a shipwreck. Shown is the six-light linear chandelier, which is 15” high, 47.5” long and 10.3” wide. Others in the collection include a six-light foyer chandelier, five-light chandelier, three-light semi flush and a two-light wall sconce. All are damp-rated.</p>
	<p>The perfectly proportioned <b>Fiona</b> pendant from <b>Show House Collection by Feiss</b> represents vintage industrial metal pendants from the early 20th century. The brand’s new Oil Can Grey finish gives a faded, washed-out vibe, while the Polished Nickel finish (<i>shown</i>) adds a more tailored look with a modern twist. The Fiona is 14” high and 12” in diameter. Damp-rated.</p>
	<p>The <b>Myron</b> wall sconce from <b>Show House Collection by Feiss</b> has bold details on the arm and bobèche—with crisp, angular lines on the diamond-influenced backplate. Light diffuses perfectly through a White linen Parchment shade. Available in either a Chrome or Antique Bronze (<i>shown</i>) finish, Myron is 15.4” high, 7.75” wide and extends 5.75”. Damp-rated.</p>

	<p>Pressed clear Snowball glass shades are the highlight of the <b>Arielle</b> LED bath Collection from <b>Show House Collection by Feiss</b>. Arielle produces glowing light and may be mounted vertically or horizontally so light shines where needed. The glamorous six-light vanity or wall sconce (<i>shown</i>)—in a Chrome finish with Snowball glass shades—adds an edgy vibe to any bathroom. When hung horizontally, this fixture is 10.75” high, 23” wide and extends 7.4”. The collection also offers four-, three- and two-light vanities plus a one-light wall sconce. Damp-rated.</p>
	<p>On the <b>Brinton</b> LED bath Collection from <b>Show House Collection by Feiss</b>, the beauty is in the glass. Two distinct outer glass shade designs are offered on its Chrome-finished frame: Either an organic basket weave (<i>shown</i>) or a chunky Sugar glass. Both glass designs have an Opal Etched inner diffuser. This two-light wall sconce is 5” high, 15.6” long and extends 4.1”. Others in the collection are four- and three-light vanities and a one-light sconce. All are damp-rated.</p>
	<p>Unbelievably beautiful for covered outdoor spaces, the <b>Hilo</b> damp-rated collection from <b>Show House Collection by Feiss</b> is perfect to modernize interior areas as well. With candelabra bulbs covered in clear glass to protect from moisture, Hilo features slim metal arms that extend out from a center hub to create an organic globe silhouette. Hilo is finished in an Oil Rubbed Bronze. In addition to this 12-light chandelier that’s 36” high and 36” in diameter, there’s also a smaller, nine-light chandelier.</p>

	<p>The <b>Randhurst</b> Collection from <b>Show House Collection by Feiss</b> is a modern interpretation of an antique gas lantern, made of proprietary, rust-proof StoneStrong composite material that withstands coastal, dry, and harsh winter climates. Randhurst has the brand’s new, rugged, Copper Oxide finish. Handcrafted stepped details, grommets and open vents on the crown add charm to this period-inspired collection. Included in this line are one-light Small, one-light Medium (<i>shown</i>), and three-light Large wall sconces—plus a three-light post lantern and three-light pendant. All are wet-rated.</p>
